

Let's not waste energy

Improving the energy efficiency of public buildings and
the energy awareness of their users

Project SOLE's final event

The **decarbonisation goals** for the next few years are **as ambitious as urgent** to be able to effectively face the ongoing climate crisis: to achieve them, among various possible actions, it is necessary to support the **energy requalification** of the existing **public building stock**, while promoting an **energy saving culture**.

Within **SOLE's** framework, a project co-financed by Programme **ENI CBC MED**, Anci Toscana has led an international partnership in the experimentation of **innovative and economic solutions** to reduce energy consumption in public buildings in the Mediterranean area.

The project's final event aims to **facilitate the mainstreaming** of the SOLE's key lessons and to **encourage dialogue** between stakeholders to build the energy-efficient public building of tomorrow on solid foundations.

Sept.14th 2023
9.30 - 13.00
14.00 - 16.00
Innovation Center
Lungarno Soderini 21
Florence, Italy

Morning session

9.30 – 10.00

Institutional greetings

- Matteo **Biffoni** *President of Anci Toscana*
- Monia **Monni** *Councillor for the Environment of the Region of Tuscany*

10.00 – 10.15

Keynote speech: the energy requalification of public buildings across the Mediterranean

PhD Mohamed **Salah Elsobki** *Cairo University*

10.15 – 11.30

Key lessons of the SOLE project, its outputs' indicators and results achieved

Video clips on the energy requalification interventions

Introduction and moderation Rosa **Schina** *SOLE's project Manager for Anci Toscana*

Panel discussion

- Ahmad **Daraneh** *Royal Scientific Society: the Iskan Faiha school of Madaba in Jordan*
- Talal **Salem** *Municipality of Jounieh: Fouad Chehab Stadium in Lebanon*
- Joaquin **Villar** *Agencia Andaluza de la Energía (AAE): the AAE's building*

11.30 – 13.00

Technical, regulatory and financial aspects to facilitate the energy requalification of public buildings

Introduction

- Camilla **Troilo** *Energy Services Manager GSE*
- Valerio **Marangolo** *Environment and Energy Directorate of the Region of Tuscany*

Panel discussion

- Andrea **Giorgio** *Councillor for the Environment of the Municipality of Florence*
- Antonella **Ranaldi** *Superintendent of Archaeology, Fine Arts and Landscape of Florence's Metropolitan Area and of the Provinces of Pistoia and Prato*
- Rossano **Massai** *President of ANCE Toscana*
- Giovanna **Padellaro** and Francesca **Santi** *Green Building Council Italy*

Moderator: Sergio **Chienni** *Anci Toscana's Delegate on Energy Saving and Energy Efficiency Policies and Mayor of the Municipality of Terranuova Bracciolini*

13.00 – 14.00 Light lunch

Associated partners

Afternoon session

14.00 – 15.00

How to promote energy awareness in the workplace: comparing campaigns

Introduction

- Valerio **Barberis** *Councillor for Urban Planning and the Environment of the City of Prato*
- Giovanna **Cepparello** *Councillor for the Environment of the City of Livorno*
- Antoun **Darakjian** *Royal Scientific Society*
- Antonio **Disi** *ENEA*
- Mariem **Basly** *Fédération Nationale des Communes Tunisiennes*

Moderator: Susanna **Ceccanti** *Regional Resource and Waste Recovery Agency*

15.00 – 16.00

The sun belongs to communities: the contribution of rehabilitated public buildings to Renewable Energy Communities (REC)

Introduction

Simone **Tartaro** *Regional Resource and Waste Recovery Agency*

Luca **Perni** *CET*

Panel discussion

- Maria Adele **Prosperoni** *Environment and Energy Service of Confcooperative*
- Gianni **Parigi**, *BCC*
- Andrea **Pieragnoli** *Mayor of the Municipality of Casole d'Elsa*

Moderation and conclusions: Simone **Gheri** *Director of Anci Toscana*
